### To The Voters Of The Southwest District Of Coffee County:

I am a candidate for re-election to the office of County Commissioner.

Owing to the shortage of gasoline. tires and time, it will be impossible for me to see each and every one of you. I am taking this opportunity to solicit your vote and loyal support.

Operating under war conditions has been very difficult with the shortage of equipment, material and man power. It has been almost impossible for you to get the necessary articles for your homes and farms.

The Government took over the heavy equipment and the only tractor we had that was suitable for pulling ditches. This was a great sacrifice for this district, but could not be prevented. Even if it could have, it would not have been very patriotic, for if your son or brother is not in the Army, your neighbor's son is, and this equipment was needed in the war effort.

I have done everything possible to keep the roads and bridges passable. want to thank every one for being as considerate as they have during this rainy season, and labor shortage.
